

LET'S GET THROUGH THIS TOGETHER!

We understand the stress and worry that can come from a pet health emergency, and additional circumstances can make things even harder.

SOME OF THE CHALLENGES:

More pets leading to longer wait times 

Pandemic stress for everyone 

Veterinary staff shortages 

Rising costs of healthcare supplies 

Compassion fatigue 

OUR TEAM WORKS HARD TO PROVIDE YOU AND YOUR PETS THE BEST MEDICAL CARE POSSIBLE, INCLUDING:

Adding the right staff to meet your needs 

Upgrading facilities 

Informing families of care options and costs 

Providing Continuing Education for staff and veterinary partners 

YOU CAN SUPPORT YOUR PET'S CARE BY:

Being patient and courteous to staff 

- PRIORITY 1** RESUSCITATION
- PRIORITY 2** EMERGENT
- PRIORITY 3** SERIOUS
- PRIORITY 4** MINOR
- PRIORITY 5** NON-URGENT

Reviewing our **ER triage processes** and other information provided for your visit

Asking clarifying questions, especially during your pet's visit if possible 

THANK YOU!
